

DEVELOPING MINDS

Tutoring/Enrichment since 2005

ARE YOU LOOKING TO HELP YOUR CHILD ACHIEVE HIS/HER MAXIMUM ACADEMIC POTENTIAL AND PREPARE FOR THE UPCOMING SCHOOL YEAR?

ARE YOU LOOKING FOR QUALIFIED, CERTIFIED, CALIFORNIA LICENSED, EXPERIENCED TEACHERS WHO KNOW THE MANHATTAN BEACH CURRICULUM / HIGH EXPECTATIONS?

THIS SUMMER WE HAVE TWO GREAT OPTIONS:

1. **Create a Class:** Tutoring in your home. Go private, or create a group.
2. **Easy Sign Up:** Visit my Manhattan Beach home for tutoring. Just pay for the weeks that work for your summer schedule!

DEVELOPING MINDS CAN HELP WITH ALL OF YOUR ACADEMIC NEEDS THIS SUMMER!

- Private/ Semi-Private Tutoring/ Small Group Classes: Pre-K - 8th Grade
- Book clubs, writing, reading, math
- Back to School Refresher Classes!
- Class fee as low as \$27 per session! Prices will be even lower for larger classes.
- Flexible scheduling! Tutoring/ classes start as early as June 25, 2012.

Please visit our Website (for details) and to download additional schedules and enrollment forms. **FRIEND US ON FACEBOOK!**

SUMMER 2012

Option 1:

For your convenience, Developing Minds offers a **Create a Class Program**:

1. Look at your summer schedule.
2. Pick the weeks that you'd like tutoring/ enrichment this summer.
3. Choose the day/times that work best for your family this summer. It's even okay to pick different days/ times depending on the week.
4. Decide if you'd like to take advantage of our private, semi-private, or group classes.
5. Choose 45 minutes or 1 hour tutoring/ enrichment (see prices below). Longer sessions available.
6. Contact a few friends if you would like to organize and host a small group in your home.

We will begin summer classes and tutoring/ enrichment based upon your requests. Classes and tutoring/ enrichment can start as early as June 25, 2012 and can end as late as August 24, 2012.

Option 2:

Developing Minds also offers an **Easy Sign Up Option**:

Classes will run weekly on Tuesday and Wednesday afternoons for 5 weeks at my home at 837 12th Ct. in Manhattan Beach. Class material will be different each week. You don't need to sign up for every week!

Payment Schedule

Families may pay by cash or check (made payable to Developing Minds). Please either give your payment to your Developing Minds tutor, or mail directly to:

Developing Minds 837 12th Ct. Manhattan Beach, CA 90266.

Please note: Payments for Easy Sign Up classes must be made in full to confirm enrollment.

Below is a sampling of some of the academic options provided by Developing Minds. Feel free to pick from these classes, or let us design a class based upon your child's specific needs.

Academic Advantage for Pre-K, K, and 1st Grade Students

- This class is designed to help early learners excel in school. The goal of this class is to build confidence in school through fun and meaningful challenges. At the Pre-K and K level, emphasis will be placed on letter recognition, phonemic awareness, phonics, and basic math skills. At the first grade level, classes will build upon reading knowledge children already have acquired and focus on building increased reading fluency. Children will also practice writing sentences and further developing math skills.

Radical Readers

- This class is designed to build upon previously learned skills to build fluent readers with strong comprehension skills, as well as to develop a love for reading and analyzing stories. Students will focus on expanding their vocabulary, increasing their reading fluency, and learning test-taking strategies for understanding, remembering, and communicating what they have read.

In Other Words... Writing

- The primary focus of this class is to become strong and confident writers. This class focuses on effective writing. It will include the five stages of writing: prewriting, drafting, revising, editing, and in if time permits, publishing. Each class also will focus on different types of writing such as expository, persuasive, descriptive, creative, and narrative paragraphs.

Magical Mathematicians

- This class focuses on teaching new math challenges in a fun and interesting way. Students will further develop mental math and problem-solving skills, increase critical thinking, test-taking skills, computation, number sense, measurement, and learn geometry through written and oral practice and games.

Children's Book Clubs

- Book Clubs are always a favorite! This book club is designed for children who enjoy reading and analyzing stories. The class focus will include a vocabulary discussion, reading comprehension, and development of personal opinions. Book syllabus will be provided by Developing Minds, but book purchase and reading are done outside of class. This is a fun way for students to do required summer reading for school!

Back to School Refresher

- Get your child ready for a positive school year with our Back to School Refresher class. This class is designed to review concepts from the previous year, as well as begin to introduce new concepts for the upcoming school year. Pick a few days at the end of the summer! It's a great confidence builder! Students may review basic skills (reading, writing, math) or even do a book report before the year begins. Just call or email to schedule a refresher class.
